The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment, Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

#### ARCANUM WON BY MISTAKE Declares Judge Braley In the \$6,000,000 Suit Recently Decided.

Boston, Feb. 24.-Justice Braley of the supreme judicial court stated in court yesterday morning that although he was of opinion that the legislature intended to re-enact chapter 119, sec-tion 7, of the revised laws in chapter 128 of the acts of 1911, nevertheless The board of civil authority will meet he was bound by the provisions of the new statute and was obliged to allow an order compelling State Treasurer of making additions and corrections on curities in his hands belonging to the the checklist to be used at the annual Royal Arcanum. On Feb. 3, the Royal city election to be held on the 5th day Arcanum was granted a writ of mandamus to compel the state treasurer to Dated at the city of Barre, Vermont, hand over the securities, and yesterday's action was on motion of the Royal Arcanum that the formal order be is-

Under the provisions of the old law the fraternal organization was obliged to deposit certain of its funds with the state treasurer as an emergency Under the act of 1911, which went into effect Jan, 1, last, the provisions of the former statute were reenacted except that it omitted the requirement that an emergency fund should be deposited with the state treasurer and provided that a fraternal organization might invest not over twenty per cent, of such a fund in buildfor its own use and occupation.

When the matter came up yesterday morning, Justice Braley asked Curtis H. Waterman, counsel for the Royal Arcanum, whether in his opinion the legislature really intended to allow the society to recover nearly \$6,000,000 from the state treasurer. Mr. Waterman answered that there had been several hear ings on the question before a legislative committee.

"Yes, I suppose so," answered Jus-tice Braley, "but I have a strong impression that the new act was intended to be a re-enactment of the old statute. But I am bound by the provisions of the new law. Only recently I have had occasion to examine a codi fication of the corporation law of this state, and although the last paragraph of the law stated that it was a codifica tion of the former law, yet there were substantial variations. Phrases that may be used almost synonymously in everyday speech may have quite a different meaning when construed in a statute. Whatever may have been in tended by the legislature, the court bound to construe the statute as

stands. Justice Braley then went on to remark that, as the attorney-general had not seen fit to enter an appearance for the purpose of contesting the writ of mandamus asked for, he would have to allow it and issue an order. He said that it might have been well for the feb 10-17-24 attorney-general to have appeared in court and argued the effect of the new statute, not that it would have changed his opinion, but for the purpose of showing just what it really does mean.
